Good London Builders - Rory Gordon

I needed a building company who would be able to help with each stage of a kitchen refurbishment of a rental property and chose Rory based on word of mouth. We could not have been more pleased with the service Rory and Good London Builders provided and would recommend him highly ourselves.

Rory was swift to understand what we wanted given the rental nature of the property and understood the sensitivity needed to work around tenants continuing to live there. He was excellent at helping us select the best suppliers for our project and took charge of all negotiation with, and purchase from, suppliers. On the rare occasions there were difficulties with suppliers, Rory informed us and then resolved matters swiftly without requiring our involvement. In fact, the level to which Rory and his building team kept us updated was extremely impressive. At no time was I left unaware of developments on site and in the event I had any questions, I could easily contact Rory or the site manager.

What makes Rory further stand out was his engagement in the project post-completion. His team worked to ensure a high standard of finish throughout and he answered any questions we had afterwards. I remain confident that Rory will continue to be available should I or the tenants have any queries.

I would not hesitate to use Rory and Good London Builders again, either for my rental properties or my own home and I have great pleasure in writing this letter of recommendation.
